

CHILD OF THE FUTURE, EPILOGUE *Time Special Issue*,
27/10/1997: « Our Precious Planet »

awoke on . It wasn't
a , so she could look forward to
liked best. was going just into
, where they would stroll under
spot and wade in the clear-running .
Every time they went, she . After all, her parents
had told her : -before people
learned to and harness the power
of . It was a dark time when the forests
died, rivers ran dry and : The girl was
that such things could ever have
. But there was -
not with a glorious . It was so ,
especially for .
